DEFY WITH A BOLD NEW PRESENCE

Defy perceptions. Defy labels.
Defy stereotypes. Defy the limits
of where your journey starts and
ends. Defy the norm and set a
new course with the Vios.

DEFY WITH FULL CONTROL

Paddle Shifters

Tuned for a more engaging driving experience. With faster and more precise gear changes.

3 Drive Modes

Power | Eco | Normal
Switch between a relaxing and an exhilarating drive.

New 7-speed CVT with Sequential Shiftmatic

Designed for a more dynamic driving experience in both auto and manual modes. With improved acceleration from more responsive gear changes at every ratio.

Enhanced Suspension System

Tuned for nimble handling and excellent straight-line stability. With better ride comfort while reducing body roll.

Toyota DOHC + Dual VVT-i 106 PS | 138 Nm

The engine delivers both improved fuel efficiency and throttle response. Compact and reliable for a spirited drive every day.

ALL-NEW PLATFORM

Toyota's latest and most advanced platform.
With higher structural rigidity and stability.
All while remaining lightweight and compact.

It not only improves the overall handling and
stability but also provides better collision safety.
With various reinforcements in key areas
to protect passengers in the event of an accident.

360-T Advanced

Trust & Technology From Toyota

Toyota
Safety
Sense

The Toyota Safety Sense (TSS) is packed with active safety features that are designed to protect and prevent through various autonomous measures.

PRE-COLLISION SYSTEM (PCS)

Uses Stereo Camera to detect potential collisions with other vehicles or pedestrians. Automatically apply the brakes to reduce the severity of a crash or prevent it.

WARNING

AUTO BRAKE

ADAPTIVE CRUISE CONTROL (ACC)

Detects speed and distance of vehicles in front to automatically adjust and maintain speed from a safe following distance.

FRONT DEPARTURE ALERT (FDA)

Automatic notification when the vehicle in front has departed. Alerts the driver via the display and audio buzz.

WARNING

AUTO HIGH BEAM (AHB)

Detects headlights of oncoming vehicles and proximity of taillights and switches automatically between low and high beam.

LANE DEPARTURE WARNING (LDW)

WARNING

LANE DEPARTURE PREVENTION (LDP)

Automatically makes corrective steering to help driver keep the vehicle in its lane. Alerts the driver via the display and audio buzz.

STEERING ASSIST

LANE KEEPING CONTROL (LKC)

Constantly keeps the vehicle centred in its lane by actively applying slight corrective steering.

6 Parking Alert Sensors

Ultrasonic sensors on the front and rear that detects and alerts on the proximity of the obstacle.

Front: 2 sensors Rear: 4 sensors

Blind Spot Monitor (BSM) with Rear Cross Traffic Alert (RCTA)

Detects and alerts of vehicles within the driver's blindspot. Alerts driver of oncoming vehicles from the rear when the reverse gear is activated.

6 SRS Airbags

Maximum protection in an event of a collision.

3D Panoramic View Monitor (PVM)

360° view of the vehicle with customised display angles for easy manoeuvring or parking in tight spaces.

Pedal Misoperation Control (PMC)

Avoids frontal collision from a stationary position. Suppress engine output and automatically applies the brake when the system judges accelerator has been mistakenly applied & front obstacle is detected.

Tyre Repair Kit

The repair kit can be easily used during a punctured tyre situation which is much more safer and convenient than having to change to your spare tyre.

Auto Rain Sensor

Automatically activates the wipers and adjust the wiper speed when rain is detected.
